M20 Quarter Turn Latches 290

Descripción

Simple 1/4-turn locks for doors less than 6 mm thick. The tongue exerts constant pressure against the body of the cabinet, thus preventing openings caused by unwanted vibrations. For general metal applications, electrical cabinets, and those where conventional keys are not required.

KEY FORM	Double bit
MATERIAL	Zamak
FINISH	Chromium plated
FEATURES	C = 4mm / Ø = 26
WEIGHT (grs)	62
Locking direction	90° Right
ACCESORIES	M20 nut, M20 metallic washer, lock washer
KEY	301DP
