M20 Quarter Turn Latches 196

Descripción

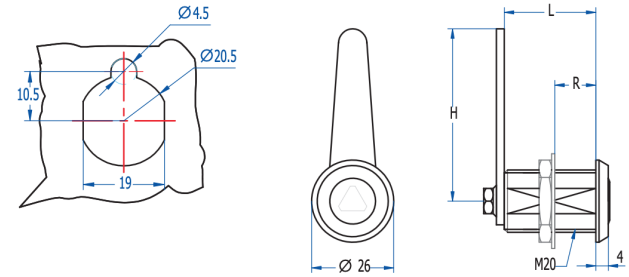

Simple quarter-turn locks for doors less than 6 mm thick. The tongue exerts constant pressure against the cabinet body, preventing unwanted opening caused by vibrations. For general metal applications, electrical cabinets, and those where conventional keys are not required.

KEY FORM	Square 8 mm Female
MATERIAL	Zamak
FINISH	Chromium plated
FEATURES	L= 21,5 mm / Rmax = 6 mm
WEIGHT(grs)	61
Locking direction	90º Right
ACCESORIES	M20 nut, M20 metallic washer, lock washer
KEY	3018CM
