M20 Quarter Turn Latches 197

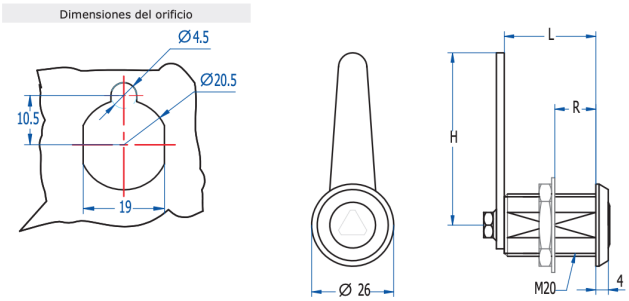

Descripción

Simple 1/4-turn locks for doors less than 6 mm thick. The tongue exerts constant pressure against the body of the cabinet, thus preventing openings caused by unwanted vibrations. For general metal applications, electrical cabinets, and those where conventional keys are not required.

KEY FORM	Square 8 mm and 7 mm
MATERIAL	Zamak
FINISH	Chromium plated
FEATURES	L= 21,5 mm / Rmax = 6 mm
WEIGHT(grs)	60
Locking direction	90º Right
ACCESORIES	M20 nut, M20 metallic washer, lock washer
KEY	3018C
